

Doctor Vocabulary

You are the doctor. Write the doctor's part only of a dialogue between you and your patient.

Use the words below:

medicine	specialist	prescription	unhealthy
injection	virus	penicillin	operation
checkup	operation	therapy	pain killer
symptom	broken	healthy	sprain

Look at this example:

Doctor: Hello. How are you feeling today?

Patient: (think: How bad does your patient feel?)

Doctor: What symptoms do you have?

Patient: (think: What words does he/she use to describe how he/she feels?)
